Alameda County Monthly Child Care Check-Ins
Welcome! Bienvenidos!

- **If you are participating in this webinar and speak English:**
  - Locate the globe at the bottom of zoom screen
  - Click on the globe
  - Choose English
  - If you have technical issues, please use the Q&A box

- **Si usted está participando en esta seminario en línea y habla Español:**
  - Localice el globo en la parte inferior de la pantalla de Zoom
  - Presione sobre el globo
  - Escoja Español
  - Presione sobre el globo otra vez
  - Presione sobre “mute original audio”
  - Si tiene problemas técnicos, por favor utilice el área de chat
中文指示

• 如果您參加此次的視訊座談並說中文：
  • 在Zoom螢幕下方找到地球圖示
  • 按下地球圖示
  • 選擇中文
  • 再按一次地球圖示
  • 按下“將原音靜音” (mute original audio)
  • 如果您有任何技術上的問題，請使用Q&A區塊
Housekeeping & Attendee Tools

- Session is recorded
- Attendees are muted
- Chat is disabled
- Submit your questions through the Q&A box

- Adjusted Cases per Day per 100,000: 6.3 (Unadjusted: 8.2)
- Overall Test Positivity Rate: 2.4%
- Lowest HPI Quartile Test Positivity Rate: 3.7%
Alameda County Shelter in Place

- Currently in Purple Tier but Red Tier likely next week
- Indoor dining, movies, museums, gyms; capacity limits
- K-12 Middle and high school may open in Red Tier. Must post a COVID-19 Safety Plan to their website.
Vaccine 101
Children and the Vaccine

• Although COVID-19 vaccine clinical trials for children have begun, at this time children and youth outside of the authorized age brackets are not authorized to receive COVID-19 vaccination.

• The following age groups are currently authorized to receive the COVID-19 vaccines:
  • Ages 16 and older are authorized to receive the Pfizer vaccine.
  • Ages 18 and older are authorized to receive the Moderna vaccine.
Vaccine Timing

• The two vaccines that are currently available each require two doses, given three or four weeks apart.

When you receive your first dose, the vaccinator will provide you with information about which vaccine you received and when to get your second dose.

• The Pfizer-BioNTech vaccine consists of two doses given 21 days apart. (This vaccine is commonly referred to as the “Pfizer” vaccine, which is pronounced F-EYE-zehr.)

• The Moderna vaccine consists of two doses given 28 days apart.
Can I Receive My Second Dose of Vaccine EARLY?

• Both vaccines can be administered 4 days before the recommended date for the second dose if necessary.
• You can receive the second dose of the Pfizer vaccine 17 days after the first dose.
• You can receive the second dose of the Moderna vaccine 24 days after the first dose.
Can I Receive my Second Vaccine Dose LATE?

• The second dose of the Pfizer or Moderna vaccines may be administered for up to **6 weeks (42 days)** after the first dose.

• We don't know yet how well the vaccines will work to protect you from SARS-CoV-2 if the second dose is administered after 6 weeks. If you do get your second dose after six weeks, you do NOT need to get a third dose.
Getting the Vaccine after having COVID-19

• Due to the severe health risks associated with COVID-19, getting vaccinated is important even if you already had COVID-19, or tested positive for SARS-CoV-2.

• If you currently have COVID-19, or if you tested positive for SARS-CoV-2 with or without symptoms, you should wait to be vaccinated until your symptoms have resolved (if you have symptoms) and until you have finished your isolation period.

• If you were treated for COVID-19 with monoclonal antibodies or convalescent plasma, you should wait at least 90 days before getting the COVID-19 vaccine. Talk to your doctor if you are unsure about what treatments you received or if you have more questions about getting vaccinated.
POST Vaccine Guidance

• The vaccine will protect you from developing severe illness, but it may not stop you from spreading COVID-19 to others.

• In addition, some variants of SARS-CoV-2 (the virus which causes COVID-19) are spreading in the region, and the vaccine may not be as effective against these variants.

• Until we get enough people vaccinated to protect our entire community, it is critical that everyone—even those who have been vaccinated—continue to wear masks and follow other COVID-19 prevention guidance.
EVEN IF YOU GET THE VACCINE
YOU CAN STILL TRANSMIT COVID-19!
KEEP DOING YOUR PART

WEAR A MASK  STAY 6 FEET APART  AVOID CROWDS

ALAMEDA COUNTY HEALTH CARE SERVICES AGENCY  @Dare2BWell
POST Vaccine Quarantine Guidance

Vaccinated persons* with an exposure to someone with suspected or confirmed COVID-19 are not required to quarantine if they meet all of the following criteria:

• Are fully vaccinated (greater than two weeks following the second dose in a two-dose series, or two weeks following one dose of a single-dose vaccine)
• Are within 3 months following the last dose in the series
• Have remained asymptomatic since the current COVID-19 exposure

Health Care Partners

Community Health Centers

Hospitals

Independent Providers

Pharmacies

For Profit vaccinators

Open 2/15: AC Fairgrounds partnership with Sutter Health, Stanford ValleyCare - scale ~5,000 per day (combination of partner supplies)
Open 2/16: Oakland Coliseum led by FEMA, State - scale ~6,000 doses per day (additional supply) + mobile
Open 1/28: Buchanan Parking Lot (Berkeley) 500-1000 per day

Current: Fremont High-Oakland
Planned: in a total of 6 communities, most with disproportionate COVID-19 burden; Healthy Places Index Quartile 1
Scale: ~600 – 2000 doses per day/POD

Community Health Clinic Network; Roots; Davis Street
All vaccinating staff and their own clients
Partnering with Alameda Alliance for Health for IHSS and other Medical recipients

Hospital staff vaccinations
Most now also doing 65+

Some large medical groups

Federal partnerships with CVS/Walgreens
Independent pharmacies partnering with HCSA to visit high-risk congregate settings

Under consideration
Alameda County Vaccine Prioritization

Alameda County is now vaccinating:
- Health Care Workers
- People in Long Term Care Facilities
- People ages 65+
- Food/Agriculture/Restaurant/Grocery workers
- Emergency Services workers
- Education/Childcare workers

Within each category, prioritizing:
- Older adults
- MediCal or Uninsured
- Areas with very high COVID-19 case rates (HPI Q1 + priority zip codes)
- People with direct contact with clients or the public at work
- People who cannot work from home
- People with limited mobility

Appointments by invitation
Sign up for notification: https://covid-19.acgov.org/vaccines
Who is eligible in each sector-based group?

Health Care Workers
- Per Health Care/Public Health section Essential Critical Infrastructure Workforce list
- Excluded: #12 (health plans/non-clinical billing) & #22 (outdoor recreational support) per CDPH Updated COVID-19 Vaccine Allocation Guidelines

Food/Agriculture/Restaurant/Grocery: per Food/Agriculture section of Essential Critical Infrastructure Workforce list + all restaurant workers

Emergency Services: per Emergency Services section of Essential Critical Infrastructure Workforce list

Education/Child Care per CDPH Updated COVID-19 Vaccine Allocation Guidelines
- All formal and informal childcare workers, including day care providers
- All staff in colleges, universities, junior colleges, community colleges, and other postsecondary education facilities
- All staff in educational support services and administration
- All staff in Pre-kindergarten, elementary, middle, and high schools
- All staff in technical and trade schools
- Any other workers involved in child and/or student care, including school bus drivers and monitors, crosswalk guards
Communities with disproportionate COVID-19 impacts

Healthy Places Index (HPI)
- Composite measure of the impact of socioeconomic factors on the health of an area (e.g. housing, income, education, built environment, transportation, access to care)
- Quartile 1 = less healthy conditions
- Quartile 4 = more healthy conditions

Target Zip codes
- San Antonio/Fruitvale - 94606, 94601
- East Oakland - 94621, 94603
- Ashland/Cherryland - 94578, 94541, 94580
- So. Hayward - 94544
- West Oakland - 94607
Oakland-Alameda County Coliseum POD

- Administering 6,000 doses/day
  - ~85% drive up access
  - ~15% pedestrian access
  - HCSA and CBO given access to set aside appointments

- Mobile Units
  - 2 mobile units
  - 250 doses/day/each
  - Sites to rotate weekly and return for 2nd doses in 3 weeks
  - Mon-Fri – sites in priority neighborhoods in partnership with CBOs
  - Sat-Sun – sites in partnership with faith-based organizations

- This week:
  - Resilient Fruitvale at Native American Health Center
  - Eastmont Mall/Town Center
Alameda County Fairgrounds POD

- Week 1 (2/15-2/20)
  - Over 5,300 vaccines total
  - County vaccinated over 3,080
- Week 2 (2/22 – 2/27)
  - Anticipate over 12,000 doses total
  - County plans over 6,000 (1000/day)
Community PODs

Fremont High School, Oakland (Fruitvale)
- Launched 2/4/21
- Partnership with OUSD
- 640 doses per day
- Focused outreach
- Appointments by invite

Fire Pop-Ups
- South Hayward and East Oakland
- Partnership with Fire Incident Management Team, La Clinica, La Familia, & Tiburcio Vasquez
- ~1000 doses per week
- Available through February
- Appointments by invite

Next areas of focus
- Deep East Oakland
- Ashland/Cherryland

State Update: Expanded Eligibility for Vaccine as of 3/15/21

People with underlying medical conditions:
- Cancer
- Chronic kidney disease (stage 4 and above)
- Chronic pulmonary disease (oxygen dependent)
- Down syndrome
- Immunocompromised state from solid organ transplant
- Pregnancy
- Sickle cell disease
- Heart conditions (excludes hypertension)
- Severe obesity (Body Max Index ≥ 40kg/m²)
- Type 2 diabetes mellitus (with hemoglobin A1c level greater than 7.5%)

OR

If as a result of a developmental or other severe high-risk disability one or more of the following applies:
- Individual is likely to develop severe life-threatening illness or death from COVID-19 infection
- Acquiring COVID-19 will limit the individual’s ability to receive ongoing care or services vital to their well-being and survival
- Providing adequate and timely COVID care will be particularly challenging due to individual’s disability
As the Work Continues to End the Pandemic, We Must Follow the Five Ws to Stay Safer:

- WEAR a mask
- WASH your hands
- WATCH your distance
- WAIT to see loved ones
- WHEN it’s your turn, get vaccinated

Q&A
California's Office of Small Business Advocate announced March 3rd, four new funding rounds for the California Small Business COVID-19 Relief Grant Program.

The recently signed package provides $2.075 billion – a four-fold increase to that initial $500 million – for grants up to $25,000 for small businesses impacted by the pandemic. The new package also includes a $50 million allocation for non-profit cultural institutions. Additional information can be found at CAReliefGrant.com.
Round 3 (waitlisted from Rounds 1 and 2)
Friday, 3/5 through Thursday, 3/11 of 2021

- **Eligible applicants:**
  - Closed to new applicants
  - Available to those waitlisted in Rounds 1 & 2
  - If you were waitlisted, you do not need to reapply.

- **Eligible grant award:** $5,000 to $25,000

- **Details:** This is a closed funding round; no new applications will be accepted

---

Round 4 (nonprofit cultural institutions only):
Tuesday, March 16th through Tuesday, March 23rd, 2021

COVID-19 Vaccine Information & Resources

COVID-19 Vaccine for Child Care

Child care providers in Alameda County are now eligible for the COVID-19 vaccine as part of Phase 1b Tier 1. There are multiple ways to get a vaccine appointment, including through one of Alameda County’s Community Point of Dispensing (POD) sites, the State’s mass vaccination site at the Oakland Coliseum, or your health care provider. The County’s Resource & Referral (R&R) agencies are working hard to get information out to you to help you schedule your appointment, but we recommend that you try to get the vaccine wherever you can. Below, you will find information...
