

Zip Code Data for the Minor Renovation/Repair Grant Application

February 25, 2022

The Minor Renovation/Repair grant application will be prioritized based on certain factors. Find your zip code in the table below. You can then use the data points to strengthen your application.

Here is an example template which you can add to your program’s mission statement on the application. You should then add additional information specific to your program and the prioritization factors.

“My child care program is within [YOUR ZIP CODE]. This zip code has an unmet need of [UNMET NEED PERCENTAGE] for child care spaces for children birth to 5, which means that [UNMET NEED PERCENTAGE] of children birth to 5 do not have access to a licensed child care space. This zip code is considered a child care desert (if your zip code is considered a child care desert) and is [LPC UNMET NEED ZIP CODE PRIORITY FOR INFANT/ TODDLER] for infant/toddler care and [LPC UNMET NEED ZIP CODE PRIORITY FOR PRESCHOOL] for preschool care according to the Alameda County Early Care and Education Local Planning Council. [PERCENTAGE OF SUBSIDY ELIGIBLE] of the children birth to 5 in this zip code are eligible for subsidized care.”

- For example, if your zip code is 94536, you could share the following as a part of your grant application:

“My child care program is within 94536. This zip code has an unmet need of 67% for child care spaces for children birth to 5, which means that 67% of children birth to 5 do not have access to a licensed child care space. This zip code is considered a child care desert and is Priority 1 for infant/toddler care and Priority 2 for preschool care according to the Alameda County Early Care and Education Local Planning Council. 29% of the children birth to 5 in this zip code are eligible for subsidized care.”

Zip Code	Unmet Need Percentage for Birth to 5 Licensed Child Care Spaces	Child Care Desert for Children Birth to 5	LPC Unmet Need Zip Code Priority for Infant/ Toddler	LPC Unmet Need Zip Code Priority for Preschool	Percentage of Children Birth to 5 who are Subsidy Eligible

94710	-97%	No			23%
94720	-32%	No			22%

One of the priorities is to serve a high number of low-income families. The state subsidy eligibility limits are reflected in the table below. The total household monthly gross income must be equal to or lower than the levels shown.

Family Members in Home (Children and Adults)	1-2	3	4	5	6
Total Household Gross Monthly Income	\$5,889	\$6,511	\$7,441	\$8,632	\$9,823
