Alameda County Fathers Corps

Established in 2013, the Alameda County Fathers Corps (ACFC) is a joint effort of First 5 Alameda County, Alameda County Health Care Services Agency, and Alameda County Social Services Agency. The mission of ACFC is to promote and support fathers and father-figures with being meaningfully engaged with their children and families and to advocate for family service providers to offer father-friendly services and to assist fathers in strengthening their parenting skills. The ACFC strives to create a father-friendly system of care in Alameda County.

Father Friendly Provider Network

Please join us to launch the 10th year of Fathers Corps programming on **September 16, 2022**. The Father-Friendly Provider Network (FFPN) was established in 2018 to provide training to all providers interested in building their capacity to more effectively engage and support fathers and father-figures. In addition to providing capacity building opportunities, the FFPN supports participants with the implementation of the Father-Friendly Principles at their home agencies.

Given the ongoing impact of the COVID-19 Pandemic, all ACFC trainings are scheduled to take place virtually using the Zoom platform. Virtual trainings will be two hours in length. Though ACFC's trainings will take place online, we remain committed to focusing training on the current topics that are impacting our fathers, their children, and families.

Please see the full 2022-23 training calendar on page two.

Sincerely,

Kevin Bremond
Administrator, First 5 Alameda County
Co-Founder, Alameda County Fathers Corps
