**The Challenge**

Kindergarten readiness is made up of one foundational and three advanced building blocks (Applied Survey Research, 2015 School Readiness in Alameda County Report).

Only forty-four percent of Alameda County Kindergarteners were strong in all domains of Kindergarten readiness.

Children who did not attend preschool and English language learners were less likely to be ready for school.

---

**Desired Outcomes**

Children are ready for Kindergarten and 3rd grade success

1. Increased access to school readiness services for children 0-5 and their families
2. Increased knowledge and use of best practices in early childhood and parent support at libraries, and park and recreation institutions
3. Increased collaboration between these public institutions, school districts, and community based organizations
4. Increased capacity for and commitment to sustainable early childhood programming at neighborhood based public institutions

---

**The Opportunity**

Alameda County Kindergarten families reported that prior to school entry:

- 92% used public parks
- 52% used recreational programs

---

**Promising Practices in Kindergarten Readiness**

- 18 staff trained
- Over 300 hours of staff training completed

FAMILIES ARE SAYING:

“I have...watch[ed] him grow so much... In the beginning of the year he would not leave my side or stand up in front of the class when asked. Now he is doing both.”

“[My child] has improved...[with] listening, sharing, communicating, and focusing.”

“We take more time to do activities similar to the ones in class. Such as, practicing his name, cutting, [and] learning colors.”
