

**AGGREGATE DEMOGRAPHIC DATA REPORTING**

First 5 Alameda County is required to submit to First 5 California the number of unduplicated clients our partners served during the year with our funds. We must also include those clients' self-identified race/ethnicity and home language.

Below are the categories by which you will need to report to us. Please reach out to your program contact if you need assistance with forms for collection.

*Please report to us an actual count of unduplicated clients that you served with First 5 Alameda County funds. If a client received more than one type of service (e.g., a parent attended a Tuesday evening counseling session and a Saturday morning play group), count the client only once. Please report on race/ethnicity and primary language at home, and if you do not have race/ethnicity or language data for some of your clients, be sure to report them as "unknown" so that the numbers are consistent with the number of clients served that you report.*
